Many of you are already familiar with the online courses that SCHOLAR offers. Now that you have moved forward a year group you can access other courses on SCHOLAR. You can start new courses using the **Display Other Courses** option that appears on the bottom right hand side of the SCHOLAR Welcome screen (see image below). You will be enrolled on the courses you have chosen for session 2020/21 on Scholar in due course.

Many of your teachers use SCHOLAR and may already be recommending that you use this for your new courses. There are also online Tutor Sessions available to you and you can find more information about these sessions on the SCHOLAR website. SCHOLAR also has some 'How To' videos and if you are new to SCHOLAR then you may find the videos on **SCHOLAR Access Without Using Glow** and **Introducing SCHOLAR to National 5 Learners** helpful.

We highly recommend you use Scholar as a learning tool and more information will be provided by your subject teachers.
